

Optical Express

Mr. Saj Khan

MB BS FRCSEd(Ophth)
Ophthalmic Surgeon

Mr. Khan is an Ophthalmic Surgeon for Optical Express and has gained vast experience in a wide range of specialities. He is an active member of various affiliated bodies and societies. Twice every year, Mr. Khan attends International Medical Advisory Board (IMAB) Conferences and is annually assessed by this board. The panel consists of several of the world's most eminent Refractive Surgeons including Mr. Steve Schallhorn, former Head of Ophthalmology for the US Navy and Professor Jan Venter, a world leading Ophthalmic Surgeon.

Fellowship trained in Cornea, Anterior Segment and Keratorefractive surgery, Mr. Saj Khan is experienced in the diagnosis and management of complex corneal problems, including those following refractive surgery. Trained at the nationally and internationally renowned CorneoPlastic Unit and Eye Bank at the Queen Victoria Hospital, East Grinstead, Mr. Khan has developed special interests in Laser refractive surgery as well as the application of the Intralase femtosecond laser in corneal surgery including transplantation and implantation of intracorneal rings.

Mr Khan is also a Consultant at Centre for Sight, where he performs laser refractive procedures, general ophthalmology and is involved in the care of patients with complex corneal diseases. Mr Khan was Locum NHS Consultant at the Corneoplastic Unit, East Grinstead, which is a tertiary referral centre for the management of difficult corneal and ocular surface diseases until June 2009.

Mr Khan has also completed fellowship training in Paediatric Ophthalmology at Great Ormond Street Hospital for Children.

Nominated for Health and Social Care Professional of the Year in the 2008 South East Coast Best of Health Awards, Mr Khan is actively involved in the teaching of other ophthalmologists, optometrists, nurses and other healthcare providers, both nationally and internationally. He is one of the faculty members that train Ophthalmologists in corneal graft surgery at the European Society of Cataract and Refractive Surgeons and at the American Academy of Ophthalmology.

In addition to cataract surgery, intraocular lenses and laser vision correction, Mr Khan has a particular interest in dry eyes and visual problems related to driving. Unlike many ophthalmologists Mr. Khan has himself undergone laser vision correction.
