## Terms and conditions document

**This is a legal document. You need to sign it to show that you agree to keep to these terms and conditions before we can accept you for treatment. For your own benefit and protection you should read this document carefully before signing it. It sets out the relationship between you, us and your surgeon.**

Patient's central ID:

**Eye (or eyes) to be treated:** Right eye  Left eye

These terms and conditions set out the entire agreement between you and us. This document replaces all proposals and previous agreements, arrangements and understandings between you and us relating to the subject matter of this document.

I understand the above and all of my questions have been answered.

### Terms and conditions

1. Your payment and the end of care
  - a. The amount you pay for your treatment includes the cost of:
    - your pre-treatment consultation;
    - your pre-treatment surgeon discussion;
    - any eye drops and prescribed medications that you need from us, during the first three months after your initial treatment; and
    - 3 aftercare consultations, delivered either in person or via telemedicine, as recommended by your optometrist during the first month after your YAG procedure.
  - b. After the first three months following your YAG treatment, you are responsible for the cost of any further appointments, medications or additional treatments.
  - c. If, after your treatment, an

Optical Express optometrist or surgeon recommends a further YAG treatment during the first three months after treatment, we will provide this free of charge. We will carry out that YAG treatment using the same level of technology as your initial treatment. Your aftercare programme will end, and you will be discharged from our care, when your optometrist or surgeon (or both) thinks it is appropriate.

- d. When you are discharged from our care we will send a letter to you or your GP to confirm your current eye health and well-being.
- e. After you are discharged from our care, we recommend that you arrange yearly eye examinations. Unless we tell you otherwise, you are responsible for arranging these examinations.

2. Refractive surgeon appointment

before the day of your treatment

a. You can have an appointment with a refractive surgeon before your treatment. You may have to pay a fee, which is not refundable, for this appointment. Please contact us for details of the fee.

### 3. Amendments to treatment

a. If your surgeon recommends a different type of treatment to the treatment you have been scheduled for (for example laser eye surgery or lens surgery) and the different type of treatment is carried out, there may be an extra cost for this.

b. You can choose whether to go ahead with the different type of treatment after giving informed consent and paying any extra cost or receive a refund of the amount you have paid.

### 4. Exclusions

a. The cost of your treatment does not include, and we are not responsible for providing or for meeting, costs, charges, compensation or expenses relating to the following.

- Glasses or contact lenses which you may need after your treatment if your vision is not fully corrected as a result of your initial treatment.
- Glasses or contact lenses which you may need after your treatment as a result of a different problem with your vision which is not related to your initial treatment.
- Glasses or contact lenses if you have or develop presbyopia (an age-related eye condition that reduces people's ability to see to do near-vision tasks).
- Unless we tell you otherwise in these terms and conditions, additional treatment following your initial treatment, or

treatment not included in your initial treatment, or cosmetic or therapeutic treatments, such as eyelid surgery or procedures to treat dry eye.

- A laser eye surgery procedure.
- A further IOL procedure.
- A further YAG capsulotomy procedure.
- A corneal cross-linking procedure.
- Consultations with or treatment carried out by anyone other than at Optical Express.
- Postponement of your treatment or aftercare due to equipment failure, or your optometrist or surgeon being ill or unavailable. If this happens, we may rearrange your treatment or aftercare at another Optical Express clinic or with another Optical Express surgeon (or both).
- Emergency treatment appointments, as recommended by your optometrist or surgeon. We may decide that any emergency treatment and associated aftercare can be provided at another Optical Express clinic or with another Optical Express surgeon or by a company or surgeon not connected to Optical Express, if this is in your best interests.
- If the surgeon decides not to go ahead with your treatment because they believe it would not be in your best interests to have the treatment you have been scheduled for or they feel that a different treatment may be more suitable for you. If this applies, they may recommend that you take more time to consider your options.
- You are ill, have a heavy cold, an infection or active cold sores (or

similar) on the day of treatment. It would be unwise to go ahead with your treatment and we may need to rearrange it.

- Your travel or other extra expenses or loss of income arising from, for example, you taking time off work because your eyes take longer than expected to heal, there is a complication relating to your treatment or to allow you to receive treatment or aftercare.
- Medications prescribed more than three months after your YAG procedure.
- Aftercare consultations after your participation in 3 appointments within 1 month of your procedure, or when more than 1 month elapsed since your enhancement surgical procedure.
- Any other medical appliance, such as, punctal plugs, LipiFlow Meibomian Gland Disease (MGD) treatment, heat masks, lid wipes or Omega 3 supplements.
